Dear Parents

Welcome to week 4. This week we continued our talk on Care as our value. Today we spoke about care for our health. The seven areas we looked at, and I would appreciate your review of these at home were:

- Covering our mouth and nose when we cough or sneeze,
- Disposing of tissues and all other rubbish appropriately,
- Washing hands after toileting and before and after eating,
- Not sharing food,
- Assisting appropriately if someone is bleeding,
- Maintaining our water intake during hot weather and
- Always wearing our hat when we are outside.

This week we have several meetings, it would be great to see you at one of them. Community Chat is tomorrow at 9.15am, School Council at 6.00pm tomorrow evening and P & C at 7.00pm tomorrow evening as well.

Have a great week,

Ian Hamilton

Part 3 (Capturing Lee Harvey Oswald)
After those 3 shots were fired, Oswald walked down
another floor of the Texas school book
depository, passing two eye witnesses who saw him
buy a bottle of coke. I mean who does that?! Shoot
the president and then buy a coke?! While leaving
the book depository a policeman aimed a gun at
Oswald and said to an employee of the Texas school book depository “Do you know this man?”
and the person replied “Yes, he’s an employee who
works here.” Oswald is safe for now but not for long.
Oswald walked home. He changed his clothes and
picked up his pistol. He loaded the pistol then
walked down to the curb. A policeman passing by
stopped Oswald because he matched the
description given over the police radio of the
suspect. The policeman’s name was J.P. Tippett.
Tippett called Oswald over to the window of his car.
As Tippett was suspicious of Oswald, Tippett left his
car and walked over to Oswald to question him.
Oswald fired four shots, killing Tippett instantly.
Oswald then ran off. Two witnesses saw Oswald
place the four empty gun shells onto a front lawn.
An eye witness walked over to Tippett and she
called into the CV radio “A policeman has been
shot”. Oswald made his way to the local movie
theatre. On his way, however, a police car drove by
so he hid inside a shoe shop. Oswald’s anxiety was
noted by the shop keeper. The lady in the movie
booth left her booth and while she was not looking,
Oswald left the shoe shop and hid inside the cinema
without paying for his movie ticket. The man in
the shoe shop came out of his shop and said “Did that
man pay?” and she said “No.” and then called the
police. The Police arrived and asked the shop
keeper to identify Oswald. The police entered the
movie theatre and saw Oswald. Oswald, upon
seeing the police, got up out of his chair and walked
to the end of the row. The shop keeper said “that’s
our guy” and the police arrested him after a violent
scuffle.

Smith Road
I have again contacted the Police regarding my
concerns in relation to speeding drivers around our
school. There have been a number of close calls
and I am worried there will be a bad accident. In the
meantime can I ask that you are particularly vigilant
when crossing the road.

The simplest way

...to create a vegie garden at home

This spring all you need to start growing your own vegetable garden is a foam box!

Foam boxes are light and easy for you and your kids to manage.

**Step One:** Cut six drainage holes in the bottom of the foam box.

**Step Two:** Elevate foam box by placing it on some old bricks and fill with potting mix.

**Step Three:** Plant seedlings or seeds, making sure not to over plant (aim to plant around 4-6 seedlings per box).

**Step Four:** Water and care for your seedlings daily.

Try planting tomato, pumpkin and zucchini seedlings this spring...and watch your kids enjoy eating the results!
